PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

- 1. These services were denied by the Respondent with reason codes "97-Unbundling; and 62-This procedure/supply must be pre-authorized in accordance with TWCC Rule 134.600. Also supplies Assoc. w/ unauthorized proc/sup are disallowed; and W12-Extent of injury. Not finally adjudicated."
- 2. On 8-30-05, Intracorp gave preauthorization approval for inpatient surgery for 2-3 days; therefore, the insurance carrier's EOB denial based upon "62" is not supported.
- 3. The insurance carrier denied reimbursement for unlisted special service coded 99199 based upon "W12". Per Rule 134.401(c)(6)(A)(v), "Items and services which are not related to the compensable injury may be deducted." The amount billed of \$45.00 for code 99199 will be deducted from the total amount billed per Rule 134.401(c)(6)(A)(v).
- 4. This dispute relates to inpatient services provided in a hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6)(A)(i) states "To be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold."
- 5. Based upon the Operative Report, the claimant underwent "Posterior Lumbar Interbody Fusion bilaterally L2-3; Transverse Process Fusions; Explantation Pedicle Fixation L5 to S1 bilateral; Total Laminectomies; Foraminotomies; Pedicle Fixation; Bone Marrow Aspiration(s) Left Iliac Crests X with Jamshidi Needles; and Neuro Vision Monitoring of Nerve Roots and pedicle Screws."
- 6. Based upon the UB-92 the total charges were \$42,467.97 for the inpatient hospitalization. This amount minus the \$45.00 listed above in #3 = \$42,422.97.
- 7. Because the total audited charges exceed \$40,000, the stop-loss method does apply and the reimbursement is to be based on the stop-loss methodology.
- 8. Rule 134.401(c)(6)(A)(iii), states "If audited charges exceed the stop-loss threshold, reimbursement for the entire admission shall be paid using a Stop-Loss Reimbursement Factor (SLRF) of 75%."
- 9. Rule 134.401(c)(6)(A)(v), states "Audited charges are those charges which remain after a bill review by the insurance carrier has been performed." The insurance carrier audited the bill and submitted EOBs to support their reduction of billed charges. The insurance carrier audited the bill and paid for services based upon the per diem methodology. No other audit reductions of charges were presented by Respondent.
- 10. Rule 134.401(c)(6)(B), indicates "Formula. Audited Charges X SLRF = WCRA." Therefore, the amount billed \$42,422.97 X 75% = \$31,817.23.
- 11. The insurance carrier audited the bill and paid \$3,186.30 for the inpatient hospitalization. The difference between amount due and paid = \$28,630.93.

Considering the reimbursement amount calculated in accordance with the provisions of Rule 134.401(c) compared with the amount previously paid by the insurance carrier, the Division finds that additional reimbursement of \$28,630.93 is due for these services.
